

If you are worried about your child's development -

Clackamas ESD can help

EI/ECSE Specialists help your child to develop skills through:

- *Cognitive Support:* assisting with problem solving, memory skills, and preschool readiness.
- *Occupational therapy:* using arms, hands, and fingers to reach for, play with, and manipulate large/small toys and to color, cut, and write.
- *Physical therapy:* using large muscles to successfully move around and explore the world.

- *Speech/language therapy:* understanding and using language to communicate with others.
- *Vision and Hearing services:* providing instruction and support for those with vision and hearing challenges.
- *Service coordination:* combining services we provide and those you can find in your community into an Individualized Family Service Plan (IFSP) designed just for you and your child!

Do You Have Concerns About Your Baby or Toddler?

If your child is younger than three years of age, he/she may qualify for our

Early Intervention Program (EI):

- We will work with you to evaluate your child's development in learning, moving, and talking.
- We can provide you with specialized strategies and support if your child is a little behind.
- We will work with you in your child's natural environment(s) and daily routines.
- We will work with you, the family, to support your child's learning and development.
- We recognize that *you* are your child's first and best teacher, and together we can support your child's learning and skill development.

Do You Have Concerns About Your Young Child?

If your child is aged 3 years or more, but is not old enough for kindergarten, he/she may qualify for our

Early Childhood Special Education Program (ECSE):

- We test your child to check his/her level of development.
- We provide classes and/or home visits to teach your child new skills.
- We consult with your family and others about how you can best help your child.

We welcome calls from anyone with a question or concern about a young child.

Call Us Today!

**Clackamas ESD
(503) 675-4097**

We can work with you and your child:

- at your home
- in your child's preschool
- at your youngster's child care
- in small groups in local schools
- in a parent group

To pursue entry into our program:

- Call us with basic information about your child.
- We will send you forms to complete.
- An observation of your child and a family interview will take place.
- All the information is reviewed in detail by a team of EI/ECSE specialists.
- Together we decide to further evaluate or gather more information about your child.
- An evaluation may be scheduled to fully assess whether your child is eligible for our program.
- If your child is determined to be eligible for EI or ECSE, we write an Individualized Family Service Plan (IFSP) together.
- Your child will then receive EI/ECSE services according to the plan (IFSP)

If your child is determined to not be eligible for our program, we will make helpful suggestions for his/her healthy development.
